

Real Results. Real Providers. Real Time Saved.

What happens when AI meets clinical workflow in the first 5 weeks.

**46**

Hours Saved
In 5 weeks

**461**

Normal Labs
Auto-Closed

**127**

Medications
Refilled

**20%**

of Providers
Onboarded

At full adoption: **215 hours saved** every single month.

That's the equivalent of a **full-time employee's time** — given back to patient care, **every 30 days**.

* Results based on 5-week post go-live data with Blue Ridge Health, February 2026.

Dr. MaryShell Zaffino, MD, CMO

*"We've given our providers back hours they didn't think they could get back.
The clinical documents feature changed what's possible for our clinic."*

Dr. Heather Whisnant, MD

*"Love it for the labs. Love it for the refills.
The clinical documents **is a game changer.**"*

CLINICAL DOCUMENTS

AI summarizes consult notes — providers copy in seconds instead of minutes

LAB RESULTS

Auto-generated lab notes + normal results closed automatically

RX REFILLS

Faster multi-medication refill processing in one unified inbox
